

Things to Remember

The Leonard Cleanable Refrigerator

is one-piece porcelain lined, as easily kept clean as your china dishes. No cracks to catch dirt, breed disease and create disagreeable odors, so often resulting in ptomaine poisoning. Kept air tight by patent drip locks and hinges. Ten distinct walls keep the cold air in and the hot air out.

Brass Beds

massive, strong and beautiful designs. No known acid will tarnish them. A policy is issued for each brass bed which insures it not to tarnish in 5 years. Do not buy a brass bed till you have seen it tested with ammonia or wool alcohol.

New Method Gas Ranges

retain the heat longer than other stoves, thus requiring less heat, and less gas. The asbestos lining holds the heat in and the kitchen is kept cool. They do not rust, never explode, bake uniformly on the top, sides and bottom. Nine patented features not found in other stoves. We can show you better than tell you.

Bed Room Suites

Colonial bed room furniture is the prevailing style because it is smooth and easily kept clean, just as sanitary as an iron bed. It is large, massive and beautiful in design, and will last as long as you need a bed room suite. See our line in solid Mahogany, Circassian Walnut, polished quarter sawed Golden Oak, Bird's Eye Maple and Gum.

Our Parlor and Library Furniture

is the best and latest production of the famous Karpen, Hartfelder and Lambert Companies, made up in genuine Mahogany and Golden Oak and much of it upholstered in No. 1 leather and Denham.

Porch Furniture

We have just unloaded a car of that beautiful, green and brown Kalex Porch Furniture, consisting of chairs, rockers, settees and swings. Also a fine line of mission furniture. Swings \$1.90 up, rockers \$3.00 up. See our line before purchasing.

SIR ARTHUR CONAN DOYLE'S NEW STORY

The Lost World

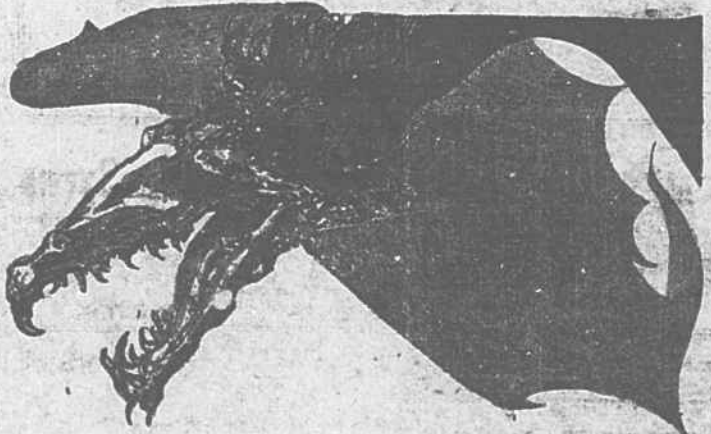

STARTS IN THE

Pittsburgh Sunday Post
NEXT SUNDAY, MARCH 24th

The creator of SHERLOCK HOLMES has written for The Pittsburgh Sunday Post one of the most marvelous and exciting tales of modern adventure, more thrilling than any of his detective stories, and in which is a character as extraordinary as Sherlock Holmes.

In this tale the celebrated author draws upon his profound and exact scientific knowledge to supplement his great powers of invention, of characterization, and his brilliant technical and descriptive skill in telling a tale of gripping interest.

The Sunday Magazine of The Pittsburgh Post holds the exclusive serial rights for the story in America. It will probably prove to be the great literary sensation of the whole year, possibly of many years. The story will begin

MORRIS

School in Union District Closes a Very Successful Term.

The Morris school at Mineral closed Saturday, March 16, with an excellent last day program in the afternoon, and a fine literary program at night, attended by a large audience.

October 2, A. J. Curry met the pupils of Morris School, Union No. 6, and opened the school for the term of 1911-1912. Mr. Curry labored throughout the term for the interests of the pupils that he had under his charge, with the result that every patron in the district was more than pleased and each patron as well as each pupil made a public manifestation at the close of the program requesting the above named teacher to promise to instruct the school for the next term.

Prizes were awarded Nellie Day, Gladie Morris, Ethel Day, Arnold Moore and Walter Coffindaffer. A little present was then given to each pupil and a package of candy to those who were too young to attend school.

At night the question, "Resolved, that Washington was the greatest man connected with United States History," was discussed by six of the pupils, viz: Coy Corder, Racy Grey, Roy Jones on the affirmative, and Arnold Moore, Arlet Moore and Walter Coffindaffer on the negative.

The question, "Resolved, that man will do more for the love of money than for the love of woman," was then discussed by A. J. Curry and Roy Jarvis on the affirmative, and W. W. Howell and Clyde Curry on the negative.

Both programs were attended by large audiences which listened to the rendering of the programs with attentive ears; also, to the excellent music given by C. A. Day, Lloyd Hudkins, H. C. Ward and George Cottrill.

All unite in wishing the teacher unlimited success, hoping that they will be fortunate enough to secure his services for the next term.

TO PLAY SALEM

College Basketball Team is the Parkersburg High School.

PARKERSBURG, Mar. 21.—The High school basketball squad will leave Friday for Fairmont, where they play the Y. M. C. A. for the state championship in basketball, on that night. The following players will comprise the squad, and will be accompanied by Manager McDougale and Coach Cooley: Earle and Raymond Neale, George Donovan, Russell Smith, (Capt.) Emmett Furlong, Charles Penwell and Roderick Merrick. Saturday night they will play Salem College at Salem, the last game of the season. P. H. S. defeated this team once before by a big score and expects to repeat the performance.

SUDDEN DEATH

At Parkersburg of the Sister of Mrs. Collett of This City.

PARKERSBURG, W. Va., Mar. 21.—Mrs. Sadie McGuire, who had been making her home with J. W. Aftoller and family at 1610 Staunton avenue, was found dead in bed at that place Wednesday and her death is supposed to have been due to heart trouble. Mrs. McGuire, who was about 70 years old, has been in rather delicate health, although she had been able to be around most of the time and was out on the street in that vicinity Tuesday.

The deceased woman is survived by one sister, Mrs. Catherine Collett, of Clarksburg; and four brothers, Robert Kennedy, of Florida; John P. Kennedy, of Smithville, Ritchie county; and Samuel and George, of Pennsylvania.

ITALIAN CHILD BURIED.

Thomas Hajad, the one month old son of Mr. and Mrs. Thomas J. Hajad, of Pinnickinnick mine, died Wednesday evening after a short illness of yellow jaundice. The funeral was held Thursday morning at 10 o'clock at the home and burial was in the Holy Cross cemetery.
